

# SACVALLEY MEDSHARE

The Health Information Exchange  
for California's North Central Valley  
P.O. Box 9217  
Chico, CA 95927-9217

## Medical Provider

By becoming a member of SacValley MedShare, you can provide more efficient patient care by:

- providing your patients' ADT, CCD, Lab Results, Procedure Notes, and Imaging Reports, into the exchange.
- viewing other entities health information about your patient.
- extremely valuable for patients who have specialty procedures, surgeries, outside labs, and imaging studies; or have been to an emergency room at facilities who are also members of the exchange.

The information is safe, the system is HIPAA compliant, and only those providers who need access to the information, can do so.

SVMS is a not-for-profit local health information exchange that is made possible by the contributions of member organizations. Please contact us to learn more about how your organization can join and benefit.
